Harmer Floor & Shower Drainage Systems

Trade Price List: April 2011

 **alumasc**
EXTERIOR BUILDING PRODUCTS

INTRODUCTION

Harmer Floor Drain with enhanced performance is available either trapped or untrapped, with vertical or horizontal spigot connection, and with or without side inlets for connection from sink, bath, shower wastes, etc. The extensive range of grates includes round and square configurations available in machined stainless steel or nickel bronze, each with a choice of alternative surface finishes.

**NEW**

Harmer Shower Drain is a new generation of super compact gullies designed and engineered to cater for high and fast volumes of water in modern bathroom and wet room environments. Available in either premium Aluminium or ABS compound containing antimicrobial agents, the range offers 50 variants for tiled or flexible sheet floor finishes.

Harmer Linearis Drainage is a range that removes the need for a conventional shower tray. There is a choice of innovative slimline channel drains, along with more traditional shower gully products, all with contemporary styling.

Harmer Kessel is the Alumasc offer for specialist drainage. Kessel plastic drainage systems are based on modular ranges of components which can be combined in different formats to provide heavy duty drainage solutions for a wide range of applications, by the incorporation of backflow valves, automatic pumps and sludge buckets.

Orders

All orders will be supplied in accordance with The Company's current Terms & Conditions of Sale, copies of which are available upon request.

Carriage Charges

Carriage charges and any appropriate surcharges, including next-day, time-specific and special vehicles (small, rigid, hiab, flat-back, tail-lift etc.) will be applied to all deliveries in accordance with The Company's published Schedule of Carriage Charges prevailing at date of despatch, copies of which are available upon request.

Credit Card Payments

Payment made by credit or debit card for products or services supplied by Alumasc will be subject to a 2% handling charge.

Disclaimer

Due to continuous product development, descriptions and illustrations may be subject to change without notice. All prices are subject to VAT at the current rate. Whilst every effort will be made to maintain prices at the published levels, Alumasc Exterior Building Products Limited (The Company) reserves the right to amend those prices without notice should the need arise.
